WHAT SHALL WE DO.

A serious and dangerous disease prevails it this country, dangerous breams so deceptive. It comes on so slowly yet surely that it is often firmly seated before we are aware of it.

The name of this disease which may be divided into three distinct stages is, first, kidney trouble, indicated by pain in the back, rheumatism, lumba-go, frequent desire to urinate, often with a burning sensation, the flow of urine being copious or scant with strong odor.

If allowed to advance this reaches the second stage or bladder trouble, with heavy pain in the abdomen low down between the navel and water passage, increasing desire to urinate, with scalding sensation in passing, small quantities being passed with difficulty, sometimes necessary to draw it with instruments. If uric acid or grave has formed it will prove dangerous if neglected.

The third stage is Bright's disease.

There is comfort in knowing that Dr. Kilmer the great kidney and bladder specialist bas dis-covered a remedy famous for its marvelous cures of the most distressing cases and known as Dr Allmer's Swamp Root.

It is sold by all druggists. As a proof of the wonderful virtues of this great discovery. Swamp-Root, a sample bottle and book of valuable information will be sent absolutely free by mail on application to Dr. Kilmer & Co., Binghamton, N. Y. Principal Ellery of Vermont Academy supplied the Baptist pulpit last Sunday and gave a fine discourse upon the Chris-tian education of the young, taking for his text the first chapter of Daniel, 8th verse: "For Daniel purposed in his heart." He emphasized the fact that the young should have a purpose, and to keep a defin-ite goal in view and then strive to reach that goal. In illustration of his theme he spoke of Vanderbilt. Carnegie and Stewart. They purposed in their hearts to be rich and they reached the goal for which they strived; and with other illustrations he must have given the young uplifting and ennobling ideas as to their future course in life.

Did You Know This About Cresar and Napoleon !

Did you know that the two foremost figures he world's history, Cæsar and Napoleon, were at one time the victims of insidious perve weak ness and disease? Crear was an epileptic and the great Napoleon was the victim of nervous disorder. The secret of their later wonderful successes lay in the fact that they used every effort to be cured of their afflictions. Do you for a moment suppose they could have succeeded if they had allowed themselves to remain weakings, with exhausted nerves, nervous debility and strength and energy impaired by disease? So it is with men at the present day. Many a young and middle aged man through over-work, indiscretion, ignorance, excess and folly has weakened his nerve power and physical vigor until he feels himself lacking manbood's powers to cope with the world in this struggle for success. Remain in your present condition of weakness, and failure in all your undertakings is inevitable. Follow thelexamples of Cresar and Napoleonget well, get back your physical and nerve strength, powers and energy, and the fullest measure of success in the world will be yours. Remember that the strong survive and the weak are forced to the wall. Success awaits only him who is strong. What is the great lesson in this for nerve weakened and physically exhausted men? By all use ns get back your health and strength. Consult some great specialist who has made the weakness and disenses of men a speciality, like Dr. Greene of 34 Temple Place, Boston, Mass., whose succe is in the treatment and our of this class of diseases with harmless vegetable remedies, wonderful in their strengthening and invigorating powers, has made him the most famous physician in the world. You can consult him without charge and in perfect confidence, either by calling or writing him about your cass. As it costs you nothing to get his counset and advice, we advise, you to write him at once. He will tell you just what to do to be cured of your weakness. One of his wonderful medicines, Dr. Greene's Nervura blood and nerve remedy, you know to be of world wide fame; he has discovered other no less marvelous medicines also, whose vitalizing, invigorating and regenerating ness and disease? SMITH'S GreenMountain RENOVATOR SUCCESS

A CASE OF VENEREAL HUMOR CURED.

Ulcers That Are Due to Impurities in the Blood Yield Quickly.

An ulcer on any part of the body signifies great danger. When nicers appear, the blood is indeed in a horrible condition. Such poisons then exist in

this vital fluid that are dreadful even to think of. Something must be done or death will result. That which should be done is to purify the blood. The way to purify the blood is to take Smith's Green Mountain Renovator, the greatest of all blood remedies. It does purify the blood, as has been

proved, and by parifying the blood it effects a eafe, quick and permanent cure. Here is one case where Mr. Henry A. Gilbert of Saratoga Springs, N. Y., had an alarming experience. He was confined to his bed, suffering from a venereal trouble that resulted in his body being covered with awful and loathsome humors. His strength was gone so that he was not able to raise his head from the pillow. He was reduced to a skeleton, weighing only 87 lbs. Here is what he says :-

"When I had reached the deplorable condition described above and had been given up by my physicians, I began to take, as a last resort, Smith's Green Mountain Renovator. I began to mend rapidly. Without going into the details of my recovery, would say I was cured in sixteen weeks' time and now weigh 164 lbs." If anyone will but consider the fact that a cure of such a terrible disease has been

effected, they will readily see it is not strange that minor blood troubles should yield to this most potent of all blood remedies. Another story of a cure is as follows:-" For twenty two years I was troubled with a loath-some disease on my hands and limbs. The least scratch would make an awful sore. A sore that was on the back of ly hand matterated and mortified and the flesh came off leaving the bones and cords

DOES THIS INTEREST

We have just finished our annual inventory and have made

Some Big Mark-Downs on Heavy Weight Clothing.

This is no advertising dodge, but a plain business proposition. FIRST-We have sorted out all the odd suits, covering nearly all the sizes from 16 boys' to 44 men's. These we have placed by themselves and marked them down 25 to 50 per cent from regular selling price. It you can find your size among them it will pay you to examine them.

SECOND-We find we have too many 34 and 35 sizes on both suits

and overcoats. Some of these that we retailed at \$15 we have marked down to \$10. Men or boys wearing those sizes cannot afford to pass these bargains. Good styles in winter suits that we have sold for \$10 and \$11 we are now offering at \$8. These we have in all sizes.

THIRD-We have too many odd trousers, both heavy and medium weight. On these we have made big reductions. A good cheviot pant at \$1.50. Look These Goods Over and You Will be Convinced
